Discussion (two attachments):

- The October Minutes were shared and approved by M. Bayles, J. Weathers, and J. Comer; W. Shepard abstained.
- General Education Assessment: Diversity
 - Fall 2023 Course Lists for Diversity Recruitment
 - A spreadsheet including course information for each college was attached for each CAGE member to help in the artifact recruitment process by reaching out to instructors in their college to encourage them to participate in the December Gen Ed recruitment of Diversity artifacts (sent out by UAT)
 - The OSU Diversity Rubric was approved by W. Shepard, M. Bayles, J. Weathers, and J. Comer.
 - The updated OSU Diversity Rubric (10-12-23) with the language edits for Competency C & D discussed in the October meeting was provided to the group for final review and endorsement. To provide more context, the challenge was to better align the title of the competencies with the descriptions. This was accomplished by modifying the competency titles and providing some minor edits to the descriptions.
 - W. Shepard recommended a course be added to the spreadsheet: HDFS 2123: Developmental Disabilities
 - M. Bayles asked when and what message to send to the identified instructors of their college. An email template and more information will be provided in the December meeting.
